SUBHAM MANDAL

JUNIOR SOFTWARE DEVELOPER

+91-99336-42529 • mandalsubham719@gmail.com • LinkedIn • Portfolio

PROFESSIONAL SUMMARY

Performance-driven Junior Software Developer with hands-on production experience in PHP, MySQL, WordPress development, and modern JavaScript. Proven track record in building dynamic CRUD web platforms, integrating secure third-party payment gateways (Razorpay) and OAuth systems, and customizing WordPress themes and plugins. Strong foundation in full-stack architecture, relational database design, and Linux/Apache server deployment.

TECHNICAL SKILLS

Backend & CMS:	PHP (OOP), WordPress (Custom Theme & Plugin Development), Laravel, RESTful APIs
Frontend:	JavaScript (ES6+, jQuery, AJAX), HTML5, CSS3, Tailwind CSS, Bootstrap
Database:	MySQL (Schema Design, Indexing, Query Optimization, CRUD Operations)
Tools & Infrastructure:	Git, GitHub, Apache Server Configuration, Linux/CLI, Payment Gateways (Razorpay), Postman

WORK EXPERIENCE

Junior Software Developer | **Digital Piloto** — **June 2025 – Present**

- Engineer and maintain client web applications using PHP, WordPress, and relational MySQL databases.
- Build custom WordPress templates, implement dynamic hooks/filters, and ensure mobile responsiveness.
- Design clean, normalized database schemas and optimize query execution for reduced server response times.
- Integrate third-party REST APIs and handle production maintenance and deployment workflows.

Trainee Software Developer (TSD) | **Techno Exponent** — **Sept 2024 – April 2025**

- Developed full-stack web applications using PHP and MySQL, focusing on end-to-end CRUD features.
- Implemented secure session management, role-based access control, and user authentication routines.
- Integrated Razorpay payment gateway workflows, ensuring secure transaction verification and order handling.
- Customized WordPress themes, page layouts, and client-specific plugins using JavaScript and Bootstrap.

FEATURED PROJECTS

E-Commerce Meal Subscription Platform — **Full-Stack Developer**

Tech Stack: PHP, MySQL, JavaScript, jQuery, AJAX, HTML5, CSS3, Bootstrap

- Engineered a subscription-based e-commerce platform delivering automated bi-weekly healthy meal scheduling.
- Integrated Google OAuth 2.0 authentication and implemented parameterized backend endpoints for cart operations.
- Streamlined checkout and order management with asynchronous AJAX requests, eliminating page reloads.

Financial & Business Projection Platform — **Full-Stack Developer**

Tech Stack: PHP, MySQL, JavaScript, AJAX, Tailwind CSS, Razorpay API

- Developed a commercial digital kit platform enabling users to purchase and access financial projection tools.
- Engineered an end-to-end Razorpay checkout pipeline with webhook verification and instant invoice delivery.
- Structured database relations to manage purchases, dynamic product downloads, and user verification records.

EDUCATION & TRAINING

Bachelor of Computer Applications (BCA) – **Global Group of Institutions (MAKAUT)** — **July 2025**

Full Stack Web Development Certification – **Euphoria GenX** — **Jan 2024 – June 2024**
